### **JIM AND PHOEBE HOWARD X SHERRILL FURNITURE**

Husband-and-wife team Jim and Phoebe Howard are adding to their furniture line, Mr. & Mrs. Howard for Sherrill Furniture, with a new collection of casegoods and upholstery. An eclectic mix of traditional and international looks, the products—including a mirror with an oak frame masquerading as bamboo, and a vintage-inspired buffet made of wenge and maple with vellum-covered doors—showcase the couple’s signature style.
